what's Happening?

Proudly manufactured  
in Macedon, NY

## About Magnatag

With over 500,000 visible magnetic board systems sold worldwide, we have a tremendous base of knowledge and experience helping people visibly share information around the clock. We'll listen carefully when you contact us, help answer your questions, and get you exactly the solution you need. This has been our specialty for half a century, and we know how to do it right the first time. You won't find our products or their features anywhere else. We're here whenever you need us.

## About the MagnaLux® Surface

- Our proprietary MagnaLux® dry erase surface is made with quality steel and our one-of-a-kind enamel formula. Together, this pairing creates a dry erase surface that offers superior magnetism and erasability that can only be found in a Magnatag® whiteboard. Unlike other melamine/fiberboard products, our whiteboard formula has been perfected to give us the ability to print any image directly into the surface of the board. In addition, MagnaLux® whiteboards are built with stress skin structural technology to ensure that our boards will not bow or warp over time. Every square inch of the MagnaLux® surface is adhered to a honeycomb core and aluminum backer, which provides the primary user with a completely flat structural writing surface.
- Meets ASTM E-84 with a Class A fire rating based on following results:  
Flame spread – 0; smoke developed – 50

## FabricTack® and CorkTack™ Options

- We offer a selection of 6 densely woven FabricTack® options or cork bulletin boards. Make a statement about the quality and efficiency of your organization when you use these boards to neatly display your documents, announcements, and notices. Carefully packaged and shipped with all the supplies needed to use them. Ready to go right out of the box.

# TrackWall® Sliding Panel FullWall® System

View 2, 3, 4, or 5 SlidePanels™ at a time.

Cabinets are available with 3, 6, 8, or 10 SlidePanels™.

Whiteboards easily slide in and out of view.

Panels are easily removed and resequenced.

Cabinet includes a full width MagnaLux® dry-erase magnetic back panel.

TrackWall® sits on the floor and anchors to wall for support.

## 1. Features

- Magnalux® Porcelain-Like Steel Markerboards
- Full width MagnaLux® dry-erase magnetic back panel
- TrackWall® is load bearing on the floor and anchors to the wall for support
- Interchangeable panels for quick installation and sequencing
- Satin Anodized 6060 T-5 Tempered Aluminum Frame
- Maximum Width Available: 265"
- Height: 97-1/2"
- Complete details at [magnatag.com/TWA](http://magnatag.com/TWA)

## 2. Options

- 21 Standard SlidePanels™ or custom print option
- Ghost-Grid™ and ShadeLine® dry-erase panels
- View 2, 3, 4, or 5 SlidePanels™ at a time
- Available with 3, 6, 8, or 10 SlideTracks™

## 3. Benefits

- Panels slide into view when needed and back out of sight when finished
- Ideal where space is limited or where it is pertinent to display certain information while keeping other panels concealed
- Fast and easy to install, requiring just two workers with minimal tools and 3-4 hours for most systems

# STANDARD CABINET SIZES

Available in 3, 6, 8, and 10 tracks\*. Cabinet height is 97 1/2" tall.  
Standard Cabinet Panels are 91" h x 49 1/2" w.

| # Tracks | Depth of Unit | Panels in View | Width of Unit |
|----------|---------------|----------------|---------------|
| 3        | 8-1/2"        | 2              | 109"          |
| 6        | 14-1/2"       | 3              | 161"          |
| 8        | 17-1/2"       | 4              | 213"          |
| 10       | 20-1/2"       | 5              | 265"          |
